

Level & Semester: **MA2 (Didactics) – S3**

Student's full name:

Exam in Managing Across Cultures

20

- Briefly explain the core concepts and main elements covered in the lectures, illustrating with specific examples discussed in class.

➤ Do NOT exceed the space provided.

Essential aspects of evaluation include:

Concise, precise, and accurate language (spelling, grammar, structure, ...)

Punctuation, accuracy, coherence/cohesion.

Relevant explanations and context-based illustrative examples.

Reflective and critical thinking, instead of reproduction.

The answer should be in a form of a well-structured academic essay.

* Introduction

*Body

- Discussing comparatively the different concepts related to cultural groups and interculturality.

- Discussing the distinctions between nuanced concepts neighboring and/or related to universal cultural elements.

- Discussing the structure of cultures in terms of main cultural constituents, with relevant example from different cultures (nationally and internationally).

*Conclusion

NB: Particular illustrations from classroom discussions are at an advantage.
